## **Proposal**

### **Young County V F D Proposal for 750 gallon skid unit**

Steele Fire Apparatus appreciates the opportunity to offer this proposal. We are very interested in meeting your needs and requirements for this Skid Unit. Below are listings of some of the specifications we offer in this proposal.

Poly Tank, skid and pump mount, 750 gallon

Skid to include 36" pump mount platform

Hale HPX200-B18 pump, Briggs and Stratton 18 HP motor

Capability to draft 12'

Electric start

Stainless Steel discharge manifold to supply the following:

1-2 ½" with male NH threads

1-2" discharge to the front of tank with 2- 1" valves and two 10' whip lines and nozzles at the cross walk this line will also supply the hose reel EF 4038-17-18 mounted on top of the tank with hose and nozzle

1-1½" discharge to the rear of the bed, and 1" recirculation line

Suction manifold

A Scotty foam system will be installed to all the discharges.

3" suction manifold with tank to pump isolation valve and a 2 ½" female NH for suction connection.

**Add on foam tanks add two 15 gallon bolt on foam tanks on top of the 750 tank. Additional cost**

**Add two 10' whip lines to the rear of the skid.**

**Add a solid door to swing up over the control panel.**

**STEELE FIRE APPARATUS**

**Proposal**

Delivery will be to your department and will be made approximately 90 days after receipt of the tank and equipment in our shop.

Terms of payment are **NET ON DELIVERY**, unless otherwise stated.

Due to the daily rise of cost in materials this proposal shall expire unless accepted within 15 days after the date set above. This expiration date may be extended, in writing, at the discretion of Steele Fire Apparatus.
